1. Covered Content and Personal Attributes

"Content" means any photograph, still image, video, footage, clip, frame grab, audio-visual recording, audio recording, or other media in which Talent appears, performs, or is heard, captured by Contributor and submitted to the Vault. This release covers both image and video assets, including excerpts, still frames, edits, adaptations, and derivative versions. "Talent Attributes" means Talent's name, professional or display name, image, likeness, appearance, portrait, voice, performance, and biographical information supplied by Talent for identification or credit.

2. Grant of Rights

Talent grants to Contributor and Vault, and to each Licensee, together with that Licensee's affiliates, agencies, production companies, distributors, media buyers, service providers, and other authorized vendors acting on its behalf, a worldwide, perpetual, irrevocable, royalty-free, transferable right to reproduce, edit, adapt, modify, publish, distribute, publicly display, publicly perform, transmit, advertise with, and otherwise use the Content and Talent Attributes as embodied in or associated with the Content, in any media now known or later developed, solely for that Licensee's marketing, advertising, publicity, and promotional purposes.

Talent understands that the Content may be used in whole or in part, alone or with other materials, and may be distributed worldwide. Talent waives any right to inspect or approve the Content, edits, captions, layouts, advertisements, or finished uses, to the extent permitted by law.

3. Editing and AI-Assisted Modifications

Talent authorizes the Licensee and authorized parties to crop, resize, reframe, retouch, restore, recolor, stabilize, enhance, remove or replace backgrounds or objects, composite, extend or fill frames, create excerpts or cutdowns, add or remove text, graphics, sound or effects, and otherwise edit or adapt the Content, including by using artificial-intelligence ("AI") or automated tools, for the permitted purposes. No additional approval or payment is required for such edits.

This permission is for editing and adapting the recorded Content. It does not authorize the creation or use of a new synthetic or realistic digital replica of Talent's face or body, or voice replacement, voice cloning, making Talent appear to say or do something that Talent did not say or do, or using Talent's image, likeness, or voice to train or fine-tune a general-purpose AI model or dataset. Any such use requires a separate, express written consent from Talent that specifically describes the intended use. The Licensee will not knowingly use the Content in a defamatory manner or to create a materially false or misleading endorsement by Talent.

4. Compensation; No Approval or Royalties

Talent waives any right to compensation, royalties, residuals, or other payment from Contributor, Licensee, or Vault arising from the rights granted in this release, except for any separate written agreement between Talent and Contributor. Talent has no right to approve or control the permitted uses.

5. Talent's Representations and Consent

Talent represents and warrants that Talent is legally able to grant the rights in this release, has authority to sign it, and has not granted conflicting rights that would prevent the permitted uses. Talent confirms that the contact and identification information provided is accurate. If Talent is signing on behalf of a minor, the parent or legal guardian section below must be completed, and the signer represents that they have legal authority to consent on the minor's behalf.

6. Separate Rights; Scope

This release grants rights in Talent Attributes and Talent's appearance or performance in the Content. It does not grant copyright in the Content or rights in music, artwork, trademarks, property, or other third-party materials appearing in it. Separate permissions may be required for those elements. This release does not authorize uses outside a licensing Licensee's marketing, advertising, publicity, and promotional purposes described above.

7. Binding Effect; Electronic Signature

This release is binding on Talent and Talent's heirs, executors, administrators, and permitted assigns. Talent consents to electronic records and signatures and agrees that an electronic signature applied with intent to sign may have the same effect as a handwritten signature under applicable law. Talent may request and retain a paper or electronic copy of the completed release. The executed release may be stored with the related Submission and its signature audit trail.

8. Governing Law

This release is governed by the laws of the State of Delaware, without regard to conflict-of-law rules.
